

## **Embellishments**

Cut or artificial flowers may be used in the cemetery at any time, but they must be at the head of the grave in a secured, durable receptacle (glass is not acceptable). They may be removed by the city when they become withered or unsightly. Persons wishing to retain fresh floral pieces must remove them within seventy-two hours; artificial flowers will be removed after thirty days. Plantings must be approved by the Director of Public Works prior to installation. Curbing must meet requirements for width, depth and grade, and cannot exceed the boundary limit of any individual site or lot.
