RESIDENTIAL BUILDING PERMIT APPLICATION

BUILDING INSPECTIONS

SUBMITTAL CHECKLIST

The City has in effect the 2018 International Residential Code (IRC) and 2018 International Energy Conservation Code (IECC). Please refer to this code for preparation of your plans.

Please allow minimum of (10) working days for review.

The permit becomes null and void if work or construction authorized is not commenced within 180 days or if construction or work is suspended or abandoned for a period of 180 days at any time after work is commenced.

Plans larger than 11" x 17" will not be accepted.

***Submit (2) hard copies including the following:**

Building Plan

- Elevations- showing proposed material
- Floor plan
- Roof Plan- showing proposed material
- Wall Bracing Plan
- Electrical Plan

Plot Plan

- Must show individual square foot measurements for the footprint of the house, footprint of accessory buildings, and driveways/ parking areas.
- Must show location of building on property and measurement to property lines from building.

Grading Plan

- Must match the master grading plan on file for the subdivision (if applicable) or be prepared by a licensed professional engineer.
- May be overlaid with the Plot Plan.

Erosion Control Plan

- Must show that silt fencing is in place to protect the ROW and any adjacent developed lots.
- May be overlaid with the Plot Plan.

Energy Plan

- Designed by an energy design professional to the 2018 International Energy Conservation Code.

Engineered Foundation Letter

- Must state the foundation was designed to the 2018 International Residential Code and the specific soil conditions.
- Sealed and signed by a professional engineer.

Engineered Foundation Plan

- Sealed and signed by same professional engineer as letter.
